Microsoft Office 365 for professionals and small businesses

Get the value and simplicity of Microsoft® Office 365 for small businesses, a set of web-enabled tools that let you access your email, documents, contacts, and calendars from virtually anywhere, on almost any device. The service brings together online versions of the best communications and collaboration tools from Microsoft, at a price that small businesses can afford.

WHY OFFICE 365?

WORK FROM VIRTUALLY ANYWHERE
Be productive on the go.
• Rich client access via Office applications on PCs and Macs.
• View and edit documents with Office Web Apps across a broad range of browsers (Internet Explorer®, Firefox, Safari).
• Access your email from most browsers with Outlook Web App.
• Access mail, contacts, calendar, and SharePoint® sites from mobile devices including Windows® Phones, Nokia, Android, iPhone, and BlackBerry.

COLLABORATE BETTER
Work together, smarter.
• Conduct online meetings with colleagues, partners, and customers, including audio, video, and screen sharing.
• Create sites to store your important office documents and work together with colleagues, partners, and customers.
• Share your calendar with colleagues, partners, and customers.
• Share important business information, including Access databases.
• Simultaneously edit documents with your colleagues.

LOOK PROFESSIONAL
Be what’s next.
• Easily design a professional looking public web site.
• Communicate with a domain-based email.
• Interface with customers using professional communications and collaboration tools.
• Deliver professional-looking documents to customers.
**WORK WITH WHAT YOU KNOW**

Use familiar Office tools.

- Works seamlessly with the programs you know and use most including Microsoft Outlook®, Word, Excel®, and PowerPoint®.
- Outlook powered by Exchange Online provides powerful tools for managing your email, calendar, and contacts.
- A familiar ribbon interface across the Office suite, including Web Apps.

**OVERVIEW OF SERVICES**

**Office Web Apps**

Easily access, view, and edit documents directly from a web browser.

- View and make light edits to Word, Excel, PowerPoint, and OneNote® documents.
- Simultaneously edit Excel and OneNote documents with others in real-time.

**SharePoint Online**

Share business information in one centralized place.

- Share important documents, insights, and status updates with colleagues.
- Market your business with a simple public-facing web site.

**Lync Online**

Find and connect with colleagues and customers from virtually anywhere with Microsoft Lync™ Online.

- Gain rich presence information, IM, audio/video calls, and online meetings.
- Make PC-to-PC voice and video calls and conduct rich online meetings—including audio, video, and web conferencing.

**Exchange Online**

Synch email, calendar, and contacts across PC, phone, and browser with Exchange Online.

- Easily manage email, calendar, and contacts from virtually anywhere.
- Premium antivirus and anti-spam protection.
